Welcome to the 2022 Clubs Guide

Health, Fitness and Teamwork - Whether you play sports to get fit or just enjoy the feeling that being healthy and active gives you, the clubs available through TeamMonash can help you to achieve your goals.

Community Service - Social welfare clubs provide students with direct opportunities to get involved in community service, both within and outside the Monash community.

Becoming part of a club committee is a highly sought after leadership role that helps build employability skills. By getting involved as an officer bearer you will have the opportunity to advance your public speaking skills and confidence; develop 'hands-on' event skills and gain valuable leadership and teamwork skills.

TeamMonash
Every Monash student, staff and alumni is already part of TeamMonash. As a new student, you are automatically enrolled to receive regular newsletters and to be invited to club events.

You can also be an active part of TeamMonash by representing Monash in a variety of competitions, joining a sport club, receiving student support or being one of our volunteer programmes. Find out more at monash.edu/teammonash.

People Resources - A great way to join a new community and find your home away from home specifically, it’s important for students that have moved away from friends and family.

Networking - Clubs provide many activities that are focused on helping members to develop social and study networks. Clubs often run a number of academic events that provide opportunities to interact with industry professionals.
