

Interested in getting your brand noticed by 3,500+ students? Then read on.....

The Monash University Student Union (MONSU) Peninsula aims to enhance the university experience of students through a variety of regular events, services & support programs. Student Council consists of elected student representatives who represent all Peninsula campus students on the important issues that affect all university students.

Monash University's Peninsula campus is the third largest of the university's metropolitan campuses & caters to approximately 3,500 students. Situated in Melbourne's southeast, Peninsula campus is the heart of a vibrant, integrated health, business & education precinct. We offer students a unique opportunity – a globally recognised education in a supportive community setting on the edge of the world's most liveable city.

The MONSU Card program aims to open the life of the campus to the Peninsula community through social & sporting activities, cultural events, public forums, as well as pathway programs for future students.

The MONSU Card provides students with discounts, special offers & other advantages both on & off campus.

By joining your business or organisation as a partner with the MONSU Card Program, you are exposing your business directly to Monash Peninsula students (18-24 year old+ demographic).
